Deshawn L Parker and Kent Knudsen perform well when they partner up - strong ROI together. Don't really like the last attempt - in the back of the pack. Kent Knudsen isn't on the best of streaks lately.

Ivan Calderon's ROI with this horse (+29%) automatically make them a worthy contender. A racer coming back this rapidly after a good contest is a good omen. When Laureano Sosa and Ivan Calderon work together the ROI has been fantastic.

Tough to wager on this animal after the disappointing stretch drive in the last affair. Difficult to figure this one winning after finishing at the back last time.

This filly has not run well under Deborah Keiser's training (0% wins). Didn't finish in the top half of the field last race - might have to expect similar results. Tough to bet on this one after the disappointing stretch drive in the last event.

Definitely a price play with such a good power rating - might payoff big. Last race doesn't encourage much faith. Could be tough to bet on after that last stretch drive.

The rider and trainer duo have a lucrative ROI when they combine forces. Have to make this gelding a strong challenger - he comes off a solid effort.
