This Sire's foals have not produced positive profits when on the turf (493 starts, 9% wins, -36% ROI). This questionable contender didn't finish near the top of the field in the last race. Investors should feel comfortable with this pick given the solid Trainer/Horse record (11 starts, 18% wins).

Didn't finish near the top of the field last affair - might have to expect the same. This Sire's foals have not produced positive profits when on the turf (163 starts, 9% wins, -45% ROI). Folded in the lane last time around the track.

Should run better than forseen with such a strong power rating - very strong value play. A pony coming back this soon after a good contest is a good omen. Was playable last race.

Finished in the second half of the pack last time - not a great endorsement. This filly's jockey hasn't been getting a whole lot of wins within the recent past. Trainer has had a tough time winning races of late.

This gelding should go off at a price and has a strong power rating. Trainer has had an awful time winning races in recent times. This rider/conditioner combo is cold right now - not a high winning percent together.

Have to love that last effort where he ran strong. Good power rating - expected odds underestimate this gelding's possibilities - play at a price. Rider and conditioner haven't had much recent luck together.

Recently, this jock just doesn't seem to be able to buy a win. Rider and trainer haven't had much recent success together. Tired down the lane in the last race.

This mare is in first-rate form right now - finished well. The combination of Kevin Krigger and Liz Kowalski isn't on track lately. Just not worth playing - handler not winning many races recently.
